

LIBBY BATEMAN

FOR MAYOR OF CUMBRIA

✓ ***Why I'm the Right Mayor for Cumbria***

Cumbria isn't just my home—it's my passion. With a clear understanding of our region's strengths and struggles, I'll fight tirelessly to unlock better transport, stronger skills, better homes, and real economic opportunities for every community.

✓ ***My Experience – Delivering for Cumbria***

Proven Results – I've successfully campaigned for and secured multi-million-pound investments in Cumbria—improving infrastructure, protecting our environment and creating opportunities now and into the future. Delivering projects such as the Upper Eden Community Plan and The 106 Bus Partnership

✓ ***Local Insight, National Influence***

As a former Cumbria County Councillor and current Board Member of the Yorkshire Dales National Park, I've gained deep expertise in planning, finance, heritage, and public health—balancing local needs with strategic vision. Winning elections taught me how to listen, campaign, and deliver on promises.

✓ ***A Voice That Gets Heard***

As a skilled negotiator and lobbyist, I'll push Westminster and businesses to invest in our infrastructure, green energy, skills and better transport connections.

✓ ***Community Power***

I don't just listen — I act. By working hand-in-hand with existing organisations, we'll tackle inequality and make sure no corner of Cumbria is left behind.

This isn't about politics—it's about people. Together, we'll build a Cumbria that works for everyone. With a relentless focus on results, I will fight to ensure Cumbria thrives—creating opportunities for all its residents while preserving the unique character of our region.
